SYRACUSE CONNECTIVE CORRIDOR

BUS MAP & GUIDE - SPRING 2017

SYRACUSE CONNECTIVE CORRIDOR

The Connective Corridor is a collaboration between Syracuse University, the City of Syracuse and Onondaga County to connect University Hill with downtown Syracuse. The project includes new streetscapes to make the city more pedestrian and bike-friendly, a free public transportation system with smart bus technology, a network of green infrastructure, public art, wayfinding systems, façade improvements and innovative illumination projects that highlight Syracuse's beautiful historic buildings and public spaces. The Connective Corridor also connects the city's vibrant arts and cultural district, as well as downtown dining and the great local food scene. Take the bus, walk or ride your bike to explore Syracuse along the Connective Corridor!

A free community bus service between University Hill and downtown Syracuse.
